Renown v0.4.9.3 — the Skirmish sequence & rolls

THE SKIRMISH

1 Form the Line

Up to 10 front line (1 Strike die each) + up to 5 reserve. Fill at beginning of each skirmish. Rest remain at camp. Default max Army size is 25.

2 Choose Tactics

Both pick a Tactic in secret, reveal together. Fall Back can't be chosen in Skirmish 1. (See Tactic Matrix.)

3 Declare Equipment

Attacker declares first; Defender responds (Only relevant with Tiltyard or Bastard Sword dual profile).

4 Initiative

Range -2 to +2. Higher Strikes first. At -2- you Blunder (Only Focused Strikes).

5 Roll to Strike

D6 per front-line retinue ≥ to-Strike: Levy 4+, Man-at-Arms 3+, Sergeant 2+, KT 3+. Focused Strike → Cleave / Deadly / Destroy Shield.

6 Strike & Defend

Per Strike, defender resolves in order: Parry → Save → Recover. Unsaved = casualty (leaves field at once, replenished by reserves after all Strikes).

7 Strike Back

The other side Strikes the same way, if able.

8 Panic Check

If a side took 5+ casualties this Skirmish: roll Morale (≤5 dice).

9 Lose Endurance

Each side that fought: -1 Endurance. At 0 Endurance → Fatigued.

10 Break Check

Each Fatigued field, before its token: roll Morale (≤5 dice). Never triggers Panic. 7+ → Rout.

11 Fatigue Token

Each Fatigued side gains a token: -1 to Strike & Morale (rolls cap 6+; Morale uncapped). Tokens stack. You cannot Parry or Recover while Fatigued unless otherwise specified.

12 End the Skirmish

Battle ends if a side is wiped, Routs (Morale 7+), or Falls Back. Else, Form the Line.

Defense Sequence (per Strike)

Step	Roll
1 Parry	While not Fatigued, roll a d6 to attempt to Parry a Strike before the Save. On a 5+, the Strike is Parried.
2 Save	D6 + weapon AP + shield bonus ≥ armor value.
3 Recover	While not Fatigued, if a to-Save roll fails, roll a d6: a result of X+ Recovers the retinue.

On a Natural 6

Keyword	Effect
Deadly	On a Focused Strike: increase AP by -5, and the defender may Parry or Recover only with a Focused roll.
Cleave	On a Focused Strike: roll one extra Strike die at your modified to-Strike.
Destroy Shield	On a Focused Strike: the target loses its Shield attributes for the rest of the Battle.
Poison	When the Defender receives a Strike and rolls a Focused Save, it fails; the resulting wound may only be Recovered with a Focused Recover.
Riposte	While not Fatigued, if you Focused a Parry against a Melee Weapon's Strike, you Riposte: your opponent immediately takes a Strike from your melee weapon. You can Riposte a Riposte.
Tempered	A Focused Save succeeds, regardless of AP.

Standing Combat Effects

Standing	Effect
Established Prowess	Parry
Established Piety	+1 Morale
Established Cunning	Foes gain Blunder in first Skirmish
Sovereign Cunning	Foes gain Strain

The 6+ Ceiling

Rule	Effect
Blunder (Init -2 or lower)	Your to-Strike is set to 6+, only a Focused Strike can succeed, before other negative modifiers.
Capped at 6+	Fatigue -1 to to-Strike, Parry, and Recover; Tempered keeps the Save at 6+ vs any AP. A Focused Save succeeds.
Pushes past 6+ → 7+ (auto-miss)	Shield -1 to Strike (Kite/Tower/Heater) and enemy tactic to-Strike penalties apply AFTER the cap — they can raise the target to 7+.
Uncapped → Rout	Fatigue's -1 to Morale is NOT capped. At modified Morale 7+ the army Routs.

- Negate Riposte** The target's Parry can never Riposte this weapon's Strikes (a natural 6 Parry still cancels the Strike, but no counter-Strike follows).
- Negate Tempered** Ignores Tempered: this weapon's AP can reduce the target's Save past 6+ (to auto-fail), defeating the Tempered floor.
- Nimble** Gain +1 Initiative in the first Skirmish of each Battle.
