Domain Standing Effects

| Domain   | Rising (3)                                                                                                                                                     | Established (6)                                                                                                                                                                                                                         | Sovereign (10)                                                                                                                                                                                        |
|----------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Industry | Trade Secrets: Perform endorsed Pursuit.                                                                                                                       | Grand Architect: May have an additional City. Perform endorsed Charter.                                                                                                                                                                 | Titan of Industry: Your capital may be chartered to a Metropolis. Perform endorsed Charter.                                                                                                           |
| Prowess  | Indomitable: Once per turn, if you have not sent an Envoy, you may perform a Prowess action; send 1 fewer Envoy this turn (min 0). May use Declare War action. | Edict of War: All armies gain Parry. Gain Immune State of Alarm (No longer gain Doubt while at War). Parry                                                                                                                              | High Quartermaster: Upkeep -2000. No longer lose Influence while at War. May change equipment on your armies during any upkeep phase where that army is within Province.                              |
| Cunning  | Clandestine Councilor: Once per turn, when another player's Envoy is Sent, target a player - that player Abstains.                                             | Grand Vizier: Players may not target you with Cunning Envoys if your Cunning value is higher. When you perform a Skirmish action, your opponent gains Blunder in the first Skirmish of that Battle. Foes gain Blunder in first Skirmish | Master Conspirator: Once per turn, if your non-Cunning Envoy passes or is Endorsed, you may instead perform a Cunning action. In Battle, your opponent gains Strained each Skirmish. Foes gain Strain |
| Piety    | Divine Mandate: Faith +2.                                                                                                                                      | Prophet of Retribution: All other players gain Doubt +2 while your Public Order is positive. +1 Morale                                                                                                                                  | Pillar of Faith: If your Public Order would go below 3, set it to 3. May use the Crusade action.                                                                                                      |

Era Standing

| Era       | Renown | Armies | Cities | Infl | Unlocks                      |
|-----------|--------|--------|--------|------|------------------------------|
| Founding  | 0      | 1      | 0      | 1    | —                            |
| Ascension | 8      | 2      | 1      | 2    | May resolve Charter Cities   |
| Eminence  | 18     | 3      | 2      | 3    | May form Military Alliances  |
| Zenith    | 30     | 4      | 3      | 4    | May form Defensive Alliances |

Envoys & Diplomacy

| Era       | Envoys                                           | Diplo Infl |
|-----------|--------------------------------------------------|------------|
| Founding  | 1 Council + 1 Personal Envoy per turn            | +0         |
| Ascension | Council Envoys perform 2 actions of that domain  | +1         |
| Eminence  | Personal Envoys perform 2 actions of that domain | +2         |
| Zenith    | Send 2 Personal Envoys per turn                  | +3         |

Infrastructure *empire-wide · build once*
